Safety Notes:	
•	The course has been created from <a href="#">Open Street Map</a> – we can't guarantee that a route shown on the map is a legitimate right of way – please keep to public roads, paths and open spaces.
•	When running the course please be aware of residents / town centre users / walkers - maintain social distancing and give way if necessary. Please follow the applicable <a href="#">government COVID-19 restrictions</a> and the <a href="#">British Orienteering Covid Guidance</a> .
•	You will need to cross many roads, some much busier than others - check for traffic before you cross! For this reason, under 16s <b>MUST</b> be accompanied by a responsible adult.
•	Farnham centre is surrounded by a one-way system which can be busy. There are 6 pelican crossings which are marked on the map, so please use these where possible.
•	The University campus is Out of Bounds apart from a clearly marked public footpath crossing it (close to control 29). Please don't stray from the path.
•	The Cemetery is Out of Bounds, so <b>no shortcut</b> between controls 31 & 33.
•	Castle Hill (A287) has a good path on the Castle (east) side of the road but there's no pavement on the west side, it's busy, on a bend and <u>not easy to cross</u> , which is why the footpaths off that road are marked with X (Forbidden route). It is possible to cross safely from Old Park Lane to the Castle (NW to SE), but <b>don't cross</b> in the other direction (SE to NW) due to poor visibility. You shouldn't go into the Castle Keep or the grounds (which are a private venue) – everything within the walls is Out of Bounds, so <b>no shortcut</b> between controls 37 & 22!
•	You are responsible for your own safety – this has NOT been registered as an event with British Orienteering and is not covered by their liability insurance.
•	Nearest A&E Hospitals: Frimley Park GU16 7UJ or The Royal Surrey in Guildford GU2 7XX
